Florencé Renaissance Facial Mist is a unique blend of Essential Oils, Botanicals, Antioxidants, and Hyaluronic Acid in a base of Icelandic Spring Water.

It is designed to:

- Hydrate, refresh, and tone the skin while calming and uplifting the mind.
- Retain moisture and maintain skin suppleness while providing protection for the skin.
- Ease fine lines and leave the skin with a radiant, moist finish.

**Perfect for an “on-the-go”
moisture treatment throughout the day.**

FLORENCÉ RENAISSANCE FACIAL MIST has a gentle, citrus aroma created from blending three of nature's most aromatic and therapeutic oils. The three essential oils and ingredients are:

LAVENDER MAILETTE: grown in the high mountain regions of Provence, France, this superior Lavender oil is known for its calming, stress-relieving effect on the central nervous system. It helps stimulate skin cell rejuvenation; tightens and purifies pores; and has moisturizing and antibacterial properties.

GERANIUM ROSE: helps refine skin texture; maintains skin moisture; may smooth wrinkles; and has anti-anxiety influences on the central nervous system.

LEMON OIL: its natural acidic properties soak up excess oils without being too drying on the skin; acts gently to exfoliate skin; has a refreshing and elevating effect on energy and mood; promotes mental clarity; and contains unique flavonoids and Vitamin C compounds that boost skin immunity.

HYALURONIC ACID: this naturally occurring compound helps skin retain moisture, repair damage, and maintain skin suppleness. It acts like a supersponge, holding up to 1000 times its own weight in moisture. Retaining the skin's moisture contributes to a youthful, glowing complexion.

FULL - SPECTRUM VITAMIN E (Tocopherols and Tocotrienols): Vitamin E has been shown to have excellent moisturizing and nourishing effects on the skin; possess skin-healing qualities; improve skin texture; fade scar and stretch marks; diminish wrinkles; and provide potent antioxidant protection.

ROSEHIP SEED OIL: contains Vitamin C, E, A and beneficial essential fatty acids. It is renowned for promoting healthy skin, cell regeneration, and increasing collagen and elastin levels.

CHAMOMILE EXTRACT: rich in essential oils this natural plant extract is anti-allergenic and anti-inflammatory, and has been known to treat and heal dry or damaged skin. It has a calming, stress-relieving effect on the central nervous system.

CALENDULA EXTRACT: from the marigold flower, helps tone and soothe the skin. Its anti-inflammatory and antiseptic qualities have been used for centuries to ease skin infections.

ICELANDIC SPRING WATER: delivers the pinnacle of water purity from the unpolluted mountains of Iceland. It is filtered through lava rock which creates a good mineral content; it is natural and healthful.

INGREDIENTS
